COFFEE AND A COUNTRY

China

Pour a cup. Take a trip
to a Chinese teahouse.

AI illustrations made for The World Desk; not photographs.

A grandfather, a grandson, a storyteller's wooden block, and two fingers tapped on the table. Then your own stories from the road of life. About 45 minutes. Come to talk, or just to listen. No travel or reading needed.

SET THE TABLE Jasmine tea and fortune cookies (with a surprise)
